**Purpose:**
The incentive program described herein is designed to attract and retain participants for their contribution to the projects identified above, while taking account of the overall performance of VECA Electric and Technologies LLC ("VECA") on said projects. VECA provides IBEW with permission to distribute the incentive details as listed below.

**Incentive Program Guidelines**

- **Plan Period:** This Retention Incentive Program began on January 19, 2026, is amended on April 13th, 2026, and is planned to run for the duration of the project.
  - Qualification for both updated incentive programs will commence on 4/13/2026 and will be paid with payroll for week ending 4/19/2026.
  - Any changes to this program will be at VECA's discretion.
- **Details:**
  - In compliance with the LOU regarding Incentive or Retention Bonuses signed 11/25/2025 and the Fair Labor Standards Act; qualified employees will be provided with an hourly and a daily additional incentive, details for each are described below.
    - **Hourly rate adder** - $20/hr. over CBA Journey Wireman scale. The modified base scale will be subject to all normal, overtime, and double time calculations, regardless of how many hours are worked each day.
      - Other classifications General Foreman, Foreman, Apprentices, CWs, CEs, and Stockman classifications are to be paid according to the CBA percentages for each classification but based on the modified journeyman base wage.
    - **Full Day Worked Incentive – Additional O/T Premium Pay** = When all scheduled hours are worked daily, regardless of the number of hours scheduled for any given work shift, additional premium pay will be paid for the first two hours of overtime as shown in the table per classification.
      - Additional premium pay will be paid as an additional percentage added to the standard overtime rates required by the CBA and the FSLA.
      - Base schedule for this project is 5x8s Monday-Friday and it is currently scheduled to work 6x10s Monday-Saturday.

- Hours worked Monday – Friday during regularly scheduled hours will be paid at CBA straight time, all hours worked outside of the regularly scheduled hours will be paid at one and one-half times the straight time rate as required by the CBA.
- Hours worked on Saturday will be paid at one and one-half times the straight time rate as required by the CBA.
- When all scheduled hours are worked on any given day the employee will qualify for **"Additional O/T Premium Pay"** paid as an additional one and one-half times the straight time rate as required by the CBA on their first two overtime hours. All other hours will be paid per the CBA.

  - Incentives will be paid out weekly on the same days as payroll is distributed, following the week the employee qualifies for the incentive.
  - Wages will be paid based on the current title/position and progression held by each employee (GF, F, JW, Apprentice, CWs, and CEs) as stipulated in the CBA and current wage sheet.
  - Superintendents are not included in this program.
  - **Full Day Worked Incentive** is for licensed electricians and trainees only and will not be paid to anyone working under the Stockman classification.
  - Any previous incentives or wage adders are hereby terminated and replaced by this incentive program (except for amounts required under the CBA).
- **Qualifications:**
  - **Hourly rate adder** – Applies to all hours worked.
  - **Full Day Worked Incentive – Additional O/T Premium Pay**
    - Employees must work all available regular and overtime hours daily; these will be established and communicated as needed by the project. While working overtime is not mandatory it is required to receive the daily "Additional O/T Premium Pay".
    - Failure to work all hours scheduled for each workday will disqualify employees from receiving "Additional O/T Premium Pay" for that day.

**General Terms:**

- **Workday(s) -** Will be defined as Monday, Tuesday, Wednesday, Thursday, Friday, and Saturday.
- **Scheduled Hours –** All work hours will be communicated a minimum of 8 hours prior to the next work period, either verbally or in writing by a direct supervisor or other supervising member of the field management team to any worker.
- CBA required overtime to be paid regardless of incentive eligibility. This incentive is a separate, optional program tied to project staffing needs.
- Traveling employees, as designated by VECA, receiving per diem will not be eligible for incentive pay.
- VECA reserves its right to change the wording, modify, or cancel this incentive program, including but not limited to scheduled days, hours, and incentive value, by providing the participants with notice of the modification or cancelation.
  - Employees will be provided with a minimum of 8 hours' notice prior to changes to scheduled work hours.
  - Minimum 24 hours' notice will be provided prior to cancellation of the program, or changes to values or qualification requirements. Notification will be provided to the GC, IBEW L.U. 291, NECA, and all current employees working under this program.

- All applicable payroll taxes and union dues will apply as required by law and additionally defined by the current CBA and LOU regarding Incentive and Retention Bonuses and will be deducted as required.
- Apprentices in good standing attending their normally scheduled class according to the JATC provided calendar, but otherwise working all scheduled hours will still be eligible for additional premium pay on O/T hours worked as described above.

**Calculations Sheet**

**Full Day Worked Incentive – Additional O/T Premium Pay –** Is an additional 150% (1.50 multiplier) premium overtime rate based on the CBA base rate + the hourly rate adder added to the base line O/T required by the CBA and is based on the classifications listed in L.U. 291 CBA.

**Monday – Friday: Bonus Calculations based on a 5x8s working 5x10s schedule**
